Control Is Asked

London, June 21 (AP)—Britain has asked the United Nations to control the port and military installations in Haifa between the time British troops leave and the Palestine truce ends July 8. The last British troops are due to leave Haifa in about 10 days. An authoritative source said Britain feels that the Jews would gain a military advantage in violation of truce terms—if Israel took over the installations before the truce ends. Haifa is within the area awarded the United Nations to the Jewish state.

MILADY and BASEBALL

Minutely goes to baseball games
And sits once or twice a week
And though she doesn't know the names
She likes to sit and cheer.
"Just what does any man want third?"
"In baseball, I believe,"
"The pitcher seldom speaks a word,
But coaches always chat."
"When batters run, they're quite inspired,"
"But still the coach is there."
"It's very plain to see."
"The men on base wait home, she's told,
But this seems very new."
"When every single seat is sold,
He ought to stay right here."
"I like a game of ball, it's true,
But I won't make any more."
"If you leave the rest you
Mustn't let it go."

Finn Is Sentenced To 2 1/2-Year Term

Lake George, N. Y., June 21 (AP)—John G. Finn, 23, of Stamford, Conn., convicted of assaulting Rev. Reznick a few hours before her mysterious drowning last summer, was sentenced today to serve from two and a half to five years in Clinton Prison at Dannemora.

Miss Reznick, 23, on vacation from her New York City job, was found drowned in Lake George last August 1, a few hours after she had been out with Finn.

He testified that he struck the young woman when she resisted his advances in a parked car. She ran away, and he lost track of her on a dark woods road, Finn said.

He was the only one indicted after a grand jury investigation last October that failed to uncover circumstances of the drowning.

another group still is to be decided.

The office of Selective Service Records, caretaker of the wartime draft records and planning agency for the peacetime draft, will be absorbed by the new Selective Service organization. Major General Lewis B. Hershey, who headed the wartime draft, presumably will head the new agency.

Approximately 4,000 local draft boards will be set up. There were 6,442 boards during the wartime draft. The local boards, like before, will be appointed by the governors.

The Army probably will call between 200,000 and 225,000 inductees during the first 12 months of the new draft.

Under the Draft Bill the Army would be boosted to 837,000 from its present 548,000 strength; the Navy and Marines to 666,882 from 469,000; the Air Force to 502,000 from 382,000. The total strength of the military establishment is set at 2,005,882.

Major Provisions

Here are the major draft provisions.

1. Men from 19 through 25 can be drafted for 21 months service in the Army, Navy, Marines or Air Force.

2. Up to 161,000 18-year-olds may volunteer for one year of service.

3. Doctors and dentists under 26 are subject to induction the same as other registrants. In addition, doctors and dentists who completed education or received their training under wartime programs are subject to call, outside the Draft Bill.

4. World War II veterans with

Vradenburg Is New Firemen's President

Hudson, N. Y., June 21 (AP)—James E. Vradenburg of Niagara is the new president of the Hudson Valley Volunteer Firemen's Association.

He was elected to succeed M. Vincent Grady of Poughkeepsie at the closing session of the association's 59th annual convention Saturday.

Other officers chosen included: Paul Fisher of Hudson Falls, first vice president; Percy Van Leiden of Orange county, second vice president; and Secretary Charles M. Fales of Haverstraw, re-elected.

William H. Frank of Clermont was named to a five-year term on the board of trustees. The 1949 convention will be held at Hudson Falls.

one year of active service, or 90 days service between December 7, 1941 and September 2, 1945 are exempt. Members of the National Guard and active reserve will be deferred.

5. The President has authority to set deferments for dependency, occupation, and special reasons such as scientific study.

6. High school students will be deferred until they graduate or reach 20, and college students will be deferred until the end of the school year.

7. Conscientious objectors willing to enter non-combat service will be deferred.

Those in the 19-25 draft age group who desire to avoid a selective service call may get such exemption by joining the National Guard, or any other organized reserve unit which carries on a regular training program, before the President signs the bill. The exemption can be maintained only by continued membership in such units and participation in their training programs.

After the bill is signed, youths under the draft age may gain the same type of exemption by joining the guard or other reserves before reaching the age of 18 years and six months. Joining after that age would not provide exemption.

NEURITIS PAINS LIKE AN ELECTRIC SHOCK TO A LOCAL WOMAN

Just recently a middle-aged woman of this vicinity told us that she had suffered 3 years of torture with neuritic pains. She said she felt like a sharp knife was being gouged into her muscles, and sometimes these pains would strike her like an electric shock. She said one could hardly stand it. Today this lady is again enjoying life and she says the change is due to taking TRU-AID. Her pains are gone now. No more feeling like a knife gouged into her muscles. She is entirely free of her misery, thanks to this remarkable compound.

Church Merger Plan

Oberlin, O., June 21 (AP)—A proposal to speed merger of the Congregational, Christian, Church and the Evangelical and Reformed Church was ready today for consideration by the Congregationalists' General Council. The council is at the halfway point in an eight-day biennial meeting of 2,000 delegates. Church leaders worked out over the week-end a new compromise plan to substitute for majority and minority proposals made Saturday by the inter-church Relations and Christian Unity Commission.

But there is one chance for getting a new coal agreement before the miners' vacation starts.

Federal Judge T. Alan Goldsborough has announced he will rule tomorrow on major points involved in the Miners' Welfare Fund legal tangle.

All along the coal operators have contended that Lewis' plan for \$100 monthly pensions for aged coal diggers are illegal and too expensive.

Lewis counters that the mine owners have "stalled" a full year in paying pensions and other agreed benefits from accumulating a 10-cent a ton royalty.

The money has piled up to a total of \$45,000,000.

HOME BUREAU

Training School
The Ulster County Home Bureau held a training school for officers for the 1948-49 year last week at the Methodist Church in Stone Ridge. Nineteen officers or representatives were present to receive instructions. Miss Vera Cautum, assistant state leader of home demonstration agents, reviewed general responsibilities of chairmen, vice-chairmen, secretaries and treasurers.

Mrs. David DuBois of Forest Glen, county chairman, presided, and introduced members of the executive committee and the newly-appointed assistant agent, Miss Helen Rowe.

Mrs. William Powers of Kingston, county vice-chairman, later met with the unit vice-chairmen at the Stone Ridge Episcopal Church to plan the membership campaign for 1949. Mrs. Frank Altieri of Lomontville and Miss Phyllis Schulz, Home Bureau office secretary, assisted the secretaries and treasurers on the report forms which they send in periodically.

Another feature of the day was instruction given by Miss Everice Parsons, county home demonstration agent. She discussed administrative plans with chairmen following which the executive committee project sponsors outlined program duties for district and county-wide meetings and training schools in the respective fields.

The ladies of the Methodist Church served lunch.

Good Taste Today

TABLE SETTINGS AND SERVICE

In answer to a number of letters asking (1) in what direction the serving dishes should be passed at table and (2) whether plates may be served in the kitchen and then put around the table, the following paragraphs are quoted from my new printed leaflet, "Table Settings and Service."

(1) Plates always are presented at the left and may be removed from the left, but if more convenient, they may be removed from the right. Serving dishes are presented at the left or, when handed around the table, passed to the right so that each one may help himself at the left.

(2) The dinner plates should be extra large if they are prepared in the kitchen and then put down at the places. This type of service sometimes is followed in a house without servants, particularly when no second helpings are to be offered.

Prayer Book to Match Dress

Dear Mrs. Post: May a bride, who is not wearing traditional white clothes, carry a white prayer book with perhaps an orchid or a few flowers?

Answer: Certainly, unless it is the only white against all color. In this case it might have the startling effect of a bandaged hand. Usually the book is covered temporarily to match her dress, whether it be white or colored.

Black and White Stockings?

Dear Mrs. Post: Please tell me about stockings in these two instances: (1) Do all white stockings have to be worn by a bride wearing white dress and veil? (2) Do the stockings have to be black when someone is in mourning and wearing full black?

Answer: (1) It is not necessary to wear white stockings. In fact, today she is much more likely to prefer flesh-colored ones. (2) For mourning, they have to be black, gray or white. This is an exacting. Beige or even flesh color is a definite indication that a woman who happens to be wearing all black or all white is not in mourning.

Head Clerk: "Aha, I'm glad to notice that you're arriving punctually now, Mr. Stocomb." Mr. Stocomb: "Yes, I know, I bought a parrot." Head Clerk: "A parrot? What on earth for? I told you to get an alarm clock." Mr. Stocomb: "Yes I know, and I did. But after a day or two I got used to it and it didn't wake me. So I got the parrot. And now when I go to bed I set the alarm clock and put the parrot on top of it. What the bird does when the alarm goes off would wake up any body."

Peace Is More Than a Word. The word peace has been printed billions of times, uttered in billions of prayers, spoken in millions of times over the radio and voiced thousands of times by every member of the human race in all the languages of earth. And still we have wars.

It is high time to consider that peace is more than a word. It is more than a spot of ink on a piece of paper, or a sound on our lips.

Peace is everything that makes life worth living.

Peace is found on both sides of the fence in a conference.

Peace is goodwill in action.

Peace is worldwide neighborliness.

Peace is cooperation and teamwork, it is pulling with people instead of pushing them around.

Peace is open-mindedness. It is a willingness to listen as well as to talk. It is looking at both sides of a situation objectively.

Peace is patience. It means keeping one's temper, rising above petty irritations, taking the long view. It means keeping one's shirt on and giving time a chance to work its magic.

Peace is having the courage and humility to admit mistakes and take the blame when we are wrong.

Peace is international courtesy. It is good sportsmanship in world affairs.

Peace is tact and tact has been defined as the ability to pull the stinger of a bee without getting stung.

Peace is vision. It is being big enough to give up small individual advantages for the universal good.

What matters if your thoughts are few?

And do not seem to glisten?

You're sure to have a host of friends.

If you know how to listen.

Colonials Blank House of David, 4-0, as Maisel Gives 4 Hits

Locals Flash New Power To Annex Second Win

The Colonials put on their new look Saturday night and it paid off handsomely with an impressive 4 to 0 victory over the bewhiskered House of David before 1700 fans at municipal stadium.

Gus Maisel, a new pitching importation, lived up to advance billing as he throttled the Bearded Beauties with four scattered singles and pitched magnificently in the one tight spot he encountered during the long evening.

The victory squared the Colonial record at 2 and 2 for the season and set the stage for Wednesday's clash with the Allentown Red Sox.

Team Perks Up

The addition of Pat Columbus, a sharp defensive third sacker and Bill Lohman to the outfield ranks, transformed the Colonials into a hustling aggregation and one that is likely to receive greater support at the gate in forthcoming games.

Sharing the spotlight was the ceremony climaxed the Montgomery Ward bike parade. The winning drivers paraded before the grandstand and then were awarded attractive prizes by Mayor Oscar V. Newkirk, who was ably assisted by Alderman James Martin.

The Port Ewen Drum Corps resplendent as usual serenaded the large crowd and staged one of its inimitable drills.

Gentle Gets Three

Johnny Gentle, batting hero of the opening night, was top man again with a pair of doubles, a single and walk in five trips. He scored a run and drove in another. Just to keep in the swing of things, Fred Price bashed another triple to the right field corner in the seventh.

While Maisel was mesmerizing those celebrated fugitives from a barbershop, the Colonials were showing questionable economy against Ray Alexander, the David cutie. They jarred Alexander loose from five hits in the first two innings and could show only two runs for their labors.

A one-two punch, Gentle's double and Van Herpe's single promptly racked up a Colonial marker in the first. Bill Lohman made his debut with a single to left in the second, moved to second on Corrigian's hit and tallied on Gentle's second double. Van Herpe fled to deep center with runners on second and third.

Maisel Sparkle

Maisel was in trouble only in the second inning but came out of it unscathed after the Davids loaded the bases with none out on Marzen's single, a walk to Culindo and a fielder's choice by Curtis. The curve ball specialist got Morris on a short fly to left field, fanned the next batter and turned

back Alexander on a hoist to Ernie Downer.

In the Colonial seventh, Price chased Ristau home with a triple to right field after the latter singled and scored on an error by Second Baseman Curtis.

The Davids regaled the fans with a series of novelty acts, familiar but funny, including the "shadow game," "fishing trip" and the phantom umpire.

Warren Muller will pitch Wednesday's game against the Allentown Red Sox. The broadcast of the Louisville-Walton bout will be relayed over the public address system.

Boulevard Set For West Shore

Boulevard Gulf gets a chance to strengthen its City League position this evening when it battles the hapless West Shore nine at the Athletic Field at 6:15 p. m.

Big Al Gruner is probable Boulevard choice, with the West Shore choice unannounced.

After a slow start, Boulevards have squared their record at 2 and 2 and a win would put them in a three-way tie for second with Jones Dairy and Wiltyck Motors.

Poconos Retain Slim North Atlantic Lead

(By The Associated Press)

The Stroudsburg Poconos are one game out of first place in the North Atlantic League today after taking both ends of a doubleheader from Lansdale, 5-2 and 4-2, yesterday.

Carbondale, the circuit's number one team at present standing, could gain no better than a split with Mahanoy City in another twin bill. Carbondale took the nightcap, 9-8, after losing the opener, 10-2, as Mahanoy City hurler Bill Givary chalked up his ninth victory.

Peekskill defeated Nyack 8-4 in the first game of a doubleheader and eked out a 7-6 win in the finale. Nazareth took two games from Bloomingdale, 5-3 and 9-2.

Cubans, San Juan Stars Win at Yankee Stadium

The New York Cubans and San Juan Stars, recent opponents of the Kingston Colonials, won their games in the Negro doubleheader Sunday at Yankee Stadium.

The Cubans tripped the Asheville Blues, Southern Negro champions, 7 to 6, while the Stars edged Winston-Salem, N. C., 8 to 6. The San Juan speedsters stole six bases.

Indians Draw 82,871 Fans for New High

Bagatelles:

Looks like nobody wants to play second base on the Republican team. . . . Remarks pertinent to the City League couldn't have been any timelier had they been written after Franks' 5-5 scare of Jones Dairy in Friday's game. . . . Two fans are getting quantity and quality in their games, even if the absence of final decisions is already having a noticeable effect on Tom Davitt's receding hairline. . . . Melio Bettina's rooters, buoyed by his three straight kayo victories since he launched a comeback as a heavyweight, are booming him for a shot at Ezzard Charles, the Cincinnati Destroyer. . . . Why don't they let poor Melio enjoy his "comeback" for a while longer.

Flotsam and Jetsam:

Such is the fate of local baseball that fans now spend more time talking about the weather. . . . The old fashioned winters apparently had nothing on the modern spring thaws. . . . This is the longest day of the year, just in case you didn't recall. . . . Walden Maroons are making much ado about the fact they can't find suitable opposition. . . . They'll get it when they stop playing a humpty-dumpty schedule and start booking \$200-\$250 clubs. . . . Boulding ball clubs is like buying suits. . . . You get exactly what you pay for. . . . Big Jack Kroh and Ernie Downer are among the big guns of the Walden roster. . . . According to present plans the Hudson Valley Football League will reorganize on June 22 in Walden.

Early returns from the fans' All Star poll reveal that sentiment still has a lofty position in baseball. Else how can they rate Ed Stanky over Red Schoendienst. . . . Willard Marshall getting the call over Enos Slaughter and Tommy Holmes reflects the New York sentiment. . . . Many will dispute George Kell leading Ken Keltner but Mr. Keltner is hot and hits the long ball. . . . For a single game it's smart to ride with the long ball hitters. . . . We'll take Musial, Kiner and Sauer for the National League outfield with Slaughter and Marshall in reserve.

The Nineteenth Hole:

The story of the "new" Bobby Locke is getting a big play in the press dispatches from Chicago. . . . It seems that Locke, the Australian who has been filling bags with American dollars in two years on the winter and summer golf circuits, has found a sense of humor to go with his golf game and is now "just one of the boys."

When Locke first arrived here, everyone respected him as a superb, mechanical golfer but a tight-fisted fellow with his name. . . . Once when he developed a slight limp in one of his legs, an American cracked: "He's just out of balance carrying American dough in his shoes."

Locke balked at granting interviews unless he got paid for talking. That sort of started him out on the wrong foot. Now the barriers seem to be down. He can take a ribbing and dish it out as well.

Lean Lloyd Mangrum was watching Locke practice putting before the start of the \$15,000 Chicago Victory National tournament. "I've never seen a guy like you," Mangrum chided. "You can look like you're shooting a 79, (is that bad?) then score a 68. What a scumbler you are. You swing like an old woman."

Locke smiled. "You should talk," he replied. "You are well over the lot most of the time. Talk about scrambling—phooey."

Fishing Filberts:

A 5½ pound 23½-inch brown trout was reported recently caught at the Neversink outlet. . . . Neise Parker of Highland caught a 3½ pound rainbow trout in the Ashokan last week. . . . Another Highland sportsman returned home the same day with a 10½ pound carp from the reservoir. . . . Ted Jadick and his brother Joe, of Walden caught six rainbow trout in the Esopus, measuring 16, 18, 20, 20, 21 and 25 inches. . . . Minnows were the bait. . . . A recent scene on the Esopus was a fisherman with a fly rod in each hand. . . . Does that double the strike percentage?

Russ Aitken Captures Eastern Skeet Title

Stratford, Conn., June 21 (AP)—A big game hunter only recently returned from a safari in Africa is the winner of the top prize in the three-day 18th annual great eastern individual skeet championship.

He is Russ Aitken, author and crack shot, who won the title yesterday in an exciting shoot-off viewed by more than 2,000 persons at the Lordship range here.

The Union County Trap and Skeet Club of Kenilworth, N. J., won the five man team title after a shoot-off with the Nassau Trap Club No. 1 team of Mineola, N. Y. They tied at 750 in the regular competition.

In the extra round, the New Jersey club won 121 to 120. The Sudersville, Mass., Skeet Club was third with 725.

Louis Appears Razor Sharp For Wednesday Title Defense

New York, June 21 (AP)—Louis, the champion, appeared razor sharp and more vicious than he has been for some time, Joe Louis was almost ready today to make his next and perhaps final fight for title immortality.

Only a few finishing touches remained for the Brown Bomber before he steps into the Yankee Stadium ring Wednesday night for his third and return title bout with Jersey Joe Walcott.

After weeks of listless performances, the champion appears to have finally come into his own. In his last few workouts, the champ has shown some of the power punching that carried him to the top of the heavyweight throne.

Saturday the Bomber was snapping out his left jab, one of his most potent weapons in the long ago, with plenty of the old power. He was looking well to the body and crossing his right with plenty of snap. His concentration on body punching seemed to indicate his plan of action for the big fight.

May Fight Again
Those who saw him work went away with the impression that he was a crowd of about 5,000 watching the Bomber, but he was being content to practice with his left.

Although Louis has said he will retire after this one win, loss or draw, there is reason to believe that he should be a knockout by a clear-cut decision, he probably will fight once more.

Walcott is shifty, elusive and dangerous with his right. He could very well upset Louis' dreams of joining Gene Tunney in the ranks of retired, undefeated heavyweight champions.

Robinson-Docusen To Try It Again

Chicago, June 21 (AP)—Welterweight champion Sugar Ray Robinson has a 15-round title date with 21-year-old Bernard Docusen at Comiskey Park tonight, provided a noon-time date with the scales doesn't further mess up the off-and-on brawl.

Robinson's third title defense originally was scheduled at Comiskey Park last Thursday night, but the promoters called it off because of rain.

Because the postponement was longer than 48 hours, the Illinois Athletic Commission ordered a locally protesting Robinson to wait for a second time this year.

Robinson, beaten only once in 34 bouts since 1935 and a knockout winner 28 times, had to starve and peel down to complete readiness to make the 147 welter poundage last Thursday noon.

The Yankees now lead the league with three wins and no losses. Captain Orr of the Yankees clouted a pair of triples while James Farrar had a double. Bob Grams robbed Orr of a third triple with a sensational running catch in deep center. Bill Dufkins made a nice catch of a sinking line drive by Jones. The Indians came on successive plays in the third inning.

President Gets Bill

Washington, June 21 (AP)—Most federal workers will get bigger paychecks beginning July 1 if President Truman approves. Approximately \$40,000 postal employees would get a raise of \$450 a year and 50,000 workers with civil service classification \$350 a year. Congress sent the bill to Mr. Truman in the early hours Sunday after the House and Senate had ironed out their differences.

The House voted a raise for postal workers only but the Senate approved a raise for the other employees as well. To finance part of the postal workers' raise, Congress voted to increase some postal rates effective next January 1.

The increases: Air mail, 5 to 6 cents; third class bulk mail, up to 2 cents a pound; special delivery stamps, 13 to 15 cents. In addition, a new four-cent air mail postal card will be introduced.

Maine Picks Nominee

Portland, Me., June 21 (AP)—Maine Republicans decided today whether, for the first time, to nominate a woman to the Senate. Rep. Margaret C. Smith, 49, battles three men in the top contest of the state's primaries. If she wins, and again in the general election, the House Armed Services committee member will be the country's second woman senator. Republicans usually do win in Maine. Arranged against her for the chance to succeed Majority Floor Leader White, who is retiring, are Gov. Horace Hildreth, 45; his predecessor, Sumner Sewall, 50, and Albin P. Beverage, 41, a political newsmonger. Polls close by 7 p. m. (E.S.T.). The minority Democrats had but one major contest—for the governorship.

It is said that two-thirds of all known kinds of crinoids can glide or fly through the air.

70,000 Greeks Hit Hard at Reds in Pindus Mountains

Six Divisions Open Top Offensive of Long Civil War; 7,000 Rebels Sought

Athens, June 21 (AP)—An estimated 70,000 Greek troops slugged their way into the northern Pindus mountains today in an effort to smash the Communist rebellion.

Six divisions, backed by planes and artillery, jumped off last night in the greatest offensive of the long civil war. The operation was planned and supervised by the Greek general staff with American advisers in the field, is aimed at wrecking the guerrillas of Markos Vafiadis in their main stronghold.

Seven thousand rebels—the Greek army calls them bandits—are reported in a 1,000-mile-square Grammos mountain area along the Albanian border. Markos' headquarters and the main guerrilla supply bases are believed to be in this region, which is dotted with mountain peaks, some as high as 7,000 feet—probably the roughest terrain in Greece.

Before the operation could start, 28 heavily fortified machine-gun posts north and west on Nostorion had to be taken. The army tried to blast them with 250-pound aerial bombs. That proved futile and infantrymen were sent in and cleaned the position out with bayonets. The army said guerrilla casualties were heavy.

Two of the three squadrons in the Greek air force are backing the army's play and 100 pieces of artillery, mostly American-made, are pounding rebel positions on the Mount Grammos approaches.

One authoritative source said the rebels have only 12 to 16 pieces of artillery in the area, plus a small number of 20-millimeter anti-aircraft guns. American military authorities said the ineptness appeared to mean that Markos will be unable to mount any serious counter-attack. His other alternative would be to pull back into Albania.

A press dispatch from Kozane said the guerrillas from Markos to Marshall Tito of Yugoslavia had been intercepted in which the guerrilla leader was "pleading for help." Army headquarters declined to confirm or deny the report.

Police Investigate Explosions in Cairo

Cairo, June 21 (AP)—Police investigated today two explosions which killed 20 persons and wounded 41 in the Jewish quarter of Cairo's Bazaar district.

The blasts left loose early yesterday some three minutes and 150 yards apart. Five houses were destroyed and about 20 damaged. Eighteen of the dead were found in the debris. Two died in hospitals.

Saleh Murtaga Bey, sub-chief of public security, said last night he believed the explosions were accidental, the result of faulty storage of materials the Jews used to make fireworks.

But he added, police still are asking about five Moslems who lived in a Jewish-owned house at the center of the first explosion and who have not been located.

Van Wagenen Is Library President

Woodstock, June 21—Walter S. Van Wagenen was unanimously elected president of the Woodstock Library at a meeting of the trustees held immediately following the annual meeting at the library last week. Other officers elected to serve for the period of one year are F. Smith, vice-president; Mrs. Warren Hilly, secretary; and H. G. Wyman, treasurer.

Committee chairman appointed by the trustees include Houston Richards, administration; Morris Klein, finance; Frances Rogers, books; Mrs. Stuart Grant, membership; Sidney Berkowitz, publicity; Mrs. Blanche Rosett, literary activities; and as co-chairman for extension work, Mrs. Paul Perlmutter and Mrs. Joseph Friedberg. Mrs. Sara Mubendorf will be nominating chairman.

At the annual meeting which was attended by 30 members, reports were read by officers and committee chairman. I was learned from the Rev. Harvey L. Todd's report on the fund raising campaign that each contribution amounting to \$1.00 or more has been received amounting to \$542 making a total of \$13,458.11. This sum has been received from 400 donors. He expressed disappointment at the unwillingness of some to pledge for the future. He also stated that it would be necessary to continue the work of his committee for the next few months.

In reporting for the membership committee, Mrs. Stuart Grant stated that members were contributing more this year than in the past and expressed her appreciation. In response to the 400 notices sent out, 140 checks were returned immediately.

A new idea has been inaugurated by Mrs. Joseph Friedberg in connection with her extension work and that is to take books to schools. It is expected that the summer extension work will be taken care of as heretofore.

11,073 Books
During the past year, 680 persons used the facilities of the library. In addition to this information, Mrs. Alice Thompson, librarian, reported a total circulation to adults of 22,714 books and 5,260 books to children. This was an added circulation over the previous year of 509 books to adults and 721 to children. There are now 11,073 books in the library.

Mrs. Thompson discussed briefly the conference she attended recently in New Paltz when the state regional plan was described. She explained the purpose of this new plan which has been set up to assist local libraries in the wholesale book buying. Two New Trustees
The new members were elected to the board of trustees to serve for four years. They were Sidney Berkowitz and Houston Richards. Re-elected for the same period were Elsie Kimball, Isabel Doughty and Mrs. Blanche Rosett. In her report, Frances Rogers, chairman of the book committee, read from a publication by the American Library Association in which the advice was given that a library should meet all of the individual needs in a community. She said, "and where there is a community a greater individual need than in Woodstock. There is practically no subject one can imagine that we are not called upon for books. I am very proud of our library. I think it is tops."

Information was given by Albert Graesser, architect, concerning the progress of the new addition as well as some unforeseen difficulties encountered when building got under way. It was with regret that Martin

Revzan's Exhibits At Town House

Woodstock, June 21—Summer exhibitions at Town House of the work of Woodstock artists opened Tuesday for the second season with a large reception and preview of paintings and drawings by Daniel Revzan.

Revzan's work is being seen in Woodstock for the first time. It is also his first show since the war when he served for three years with the Army Air Corps doing top secret presentations of B-29 bombing operations. Born in Chicago, Revzan studied at the Art Institute in that city and came to New York in 1929. He has done considerable teaching and has exhibited at the Artists' Gallery in New York City.

In 1925, he came to Woodstock where he and his wife live in the house he built. When questioned about this unusual collection of talents, the artist replied, "Any one who can paint a picture can do most anything else."

At the reception were many artists and laymen who spoke enthusiastically about Revzan's work. There are 16 paintings and drawings in the show, including four still life paintings, several nudes and portraits. Of considerable interest is the artist's self-portrait.

Later this year, Mr. Revzan will have a one-man show in New York City at the Artists' Gallery. It was learned from Mr. Schwartz, owner of the Town House, and host on this occasion, that over two weeks throughout the season, a new exhibition will be hung. Although a very busy man, he has nevertheless taken the time to personally view the work of many Woodstock artists and selected those he believes can benefit most through the use of his splendid facilities. His interest in his own work, "It is my intention to give the little known, though to my mind, talented artist an opportunity to present his work to the public, with no expense whatsoever."

Mr. Schwartz also stated that arrangements are being made with a New York City gallery for a group show which will be representative of the work done by his exhibiting artists. All expense incurred in connection with Mr. Schwartz's project is borne by him and in the event of sales, the artist receives the entire purchase price.

The current exhibition continues to July 1. All are invited, without charge, to come in from noon until midnight.

Exhibits Will Help Open Deanie's Addition Tuesday

Woodstock, June 21—Henry Mattson and Fletcher Martin, nationally prominent Woodstock artists, are busy selecting representative work of 12 Woodstock artists for an exhibit in the new second floor dining room which Deanie will open at dinner time Tuesday, June 22.

The new room with its picture view windows has been sound proofed and according to Deanie there will be no music to disturb the visiting and planning of the many who will be included in his clientele. "So many Woodstockers," said Deanie, "work under terrific pressure, particularly during the summer months, and I have long felt the need of a place where one can relax in comfort."

Mountbatten Quits As Governor of Indian Peoples

New Delhi, June 21 (AP)—Lord Mountbatten retired as governor general today and free India's self-rule by her own people became complete.

Oriental splendor and western pagantry blended as older statesman Chakravarti Rajagopalachari took the oath as Mountbatten's successor, becoming the first Indian ever to hold this important post.

A slender figure in white homespun garb, Rajagopalachari, 69, rich red velvet drapes embroidered in gold and swore to perform the duties of his new office.

An advocate of communal harmony and secular government, he then delivered a message to the people declaring "what disturbs the peace of India is intercommunal discord, pure and simple, and it is utter folly."

Less than three hours earlier, Mountbatten, attired in the gleaming white uniform of a British rear admiral, bade farewell to the land whose people called him "one of us." Then he took off for England with his wife and daughter.

About 100,000 persons thronged the municipal grounds last night to say goodbye.

One of his last official acts was to commend India's draft agreement for compromising the question of Hyderabad's accession to the Indian Union. Dispatches from Madras last night said the Nizam of the princely state had turned down the action "politely, but firmly."

Fishing Champion Drowns

Rome, June 21 (AP)—Naples dispatches reported the drowning at Ventotene yesterday of Massimo D'Asola, Italy's underwater fishing champion. It was believed he fired an arrow into a fish too big for him to handle and that it pulled him down by the arrow's cord tied around his wrist.

William J. Wright was elected vice-president; Mrs. Ruth Dale, R.N., secretary, and Dr. Lester Sonking, treasurer.

The Saugerties Taxpayers' Association was formed for the purpose of studying taxation and government in the township of Saugerties and to support candidates who measure up to and uphold the principles of the taxpayers' organization.

At the meeting Friday evening it was announced that 210 citizens of the town had signed up as members and the association voted to hold monthly meetings on the third Friday of each month. The next meeting will be held July 16 at a place to be later designated. The meeting Friday was devoted to organization and no further business was transacted at that time.

Offices Are Destroyed

Rome, June 21 (AP)—While the citizenry stood well away and watched, Communist party offices at Lavino burned down yesterday. The bystanders would have been glad to put out the fire, Bologna dispatches said today, but the constant explosion of hand grenades and cartridges stored in the building made it impossible.

as a compromise, which in effect was virtually what the administration asked. The compromise called for spending of the money, \$6,000,000 over fifteen months, but gave the President authority to use all the money in twelve months if he sees fit.

Measures Cleared

These other major measures were cleared during the week-end session:

Housing: Authority for a government-financed secondary market for GI home loan mortgages. The bill is only one section of the controversial Taft-Hartley-Wagner housing bill and the equally controversial Wolcott bill which the House passed in lieu of the T-E-W measure. Senate insistence on authority for slum clearance and public housing and House refusal to accept these features, resulted in the deadlock.

Federal Employees: A pay boost of \$450 a year for postal workers and \$330 a year for most other federal workers. The bill also carries a hike in some mail rates, including an increase to 15 cents for special delivery and six cents for airmail.

Atomic Energy: Extension of the terms of the five present Atomic Energy Commission members for 23 months. Mr. Truman had asked a new five-year term for Chairman David E. Lilienthal and staggered terms for four to one years for the other four members.

Displaced Persons: Authority for 205,000 European war refugees to enter this country in the two years starting July 1.

Other key bills jammed through in the final hours provided funds to maintain government agencies during the coming fiscal year.

When they had been cleared, Appropriations Committee staff members totting up the totals found the Republicans had fallen short of their pledge to cut Mr. Truman's budget by \$2,800,000,000. The economy drive fell about \$1,000,000,000 short of the goal.

In all, the Chief Executive asked Congress for \$36,957,718,221. Congress gave him \$34,900,983,029 and there probably will be additions to that figure through supplementary appropriations by the next Congress.

Compromise of the Foreign Aid Money Bill was the last major obstacle to adjournment.

The Senators moved to adjourn at 6:15 a. m. (E.S.T.). The house quit 20 minutes earlier.

For the Senate, it was the second longest session on record—44 hours and 15 minutes with only one 20-minute break.

The farm price support bill was the final major piece of legislation acted upon. As finally approved, the bill calls for the extension of present wartime crop aid system with a few revisions, through 1949.

On January 1, 1950, a new and permanent plan with a sliding scale of price supports go into effect. The bill also revises the parity formula—the calculated figure on which price props are based.

creation of a permanent fair employment practice commission, for enactment of anti-lynch and anti-poll tax legislation, and call for an end to race segregation in the armed forces. Such a plank was written into the 1944 G.O.P. platform, but none of the legislation has passed Congress.

3. Refuse to yield to organized labor's demands for repeal of the Taft-Hartley labor law but; restate the 1944 platform declaration that the Republican party is the historic champion of free labor and assert a set of principles intended to appeal to the working man.

The biggest G.O.P. policy split seemed to be on housing, and one of those who should know, said the platform probably will be silent on the touchy public housing issue.

L. T. Russell Dies

Newark, N. J., June 21 (AP)—The Newark Star-Ledger said today that Lucius T. Russell, who founded the original Newark Ledger in 1916, died yesterday at his home in Beverly Hills, Calif. He suffered a stroke three months ago and had been an invalid since then. He was 77 years old. He had published newspapers in Oklahoma before coming to New Jersey in 1908 to purchase the Elizabeth Times but sold out there in 1916 to found the Ledger, starting it as a Sunday newspaper and expanding it to a daily three months later. Russell retired from the Ledger in May, 1935, when the paper was sold to S. I. Newhouse as a result of a stockholders suit. Kieran Offers His Apologies

John Kieran, editor of the radio quiz show, Information Please, has offered apologies to the city of Kingston following a recent broadcast when the entire board of experts on the show muffed the question, "Which city in addition to Albany was the capital of New York state?"

Chamber of Commerce became concerned after the experts missed the question and immediately sent one of the new Kingston folders to each of the board members.

The following letter was received by Secretary Kurt from Kieran:

Dear Mr. Kurt: Touche! And I'm an old Dutchess county resident, too, and rattled through Kingston in a Stearns chain-drive car in 1912. Well, live and learn. The next time I go through the famous town I will doff my chapeau in tribute. Sincerely, John Kieran.

Dewey, Taft...

conference, Dewey said his Republican colleagues in Washington had done a "remarkable" job.

Says G.O.P. Did Well

Taft, who lost his badly wanted housing bill in the last-hour shuffle, said the Republicans had done well enough. He, Dewey and others agreed there should be no more law-making until January.

There was talk that Mr. Truman might call the legislators back to act on housing and a dozen other things he has proposed. But Senator Brewster (R-Me.) made it plain the Republicans will lay a couple of civil rights proposals on the line if the President does.

With their own convention coming up here July 12, the Democrats didn't want to talk about that.

As the Republicans hauled out on the speech-clogged road that will lead to a presidential nomination, there was every sign that the identity of "the man who" was further up in the air than the blimp which floated over Philadelphia flashing its momentary "Select Stassen and Succeed" message.

Pennsylvania, No. 1 question mark in this muddled bingo game, played it cautious.

In a smoky, sweat-dropping hotel parlor caucus last night, the Pennsylvanians decided to postpone for a while the inevitable showdown which may make a presidential nominee.

They decided to cast 72 votes for Senator Edward Martin as a favorite son until the delegates can make up their minds to do something else.

One rugged individual—Esdras Howell of Scranton—said he will vote for Vandenberg on the first ballot—probably Thursday.

Gov. James Duff, whose support of Vandenberg is thinly-veiled by his publicly neutral attitude, sponsored the motion to stick to Martin indefinitely.

The Martin-Mason Owlett-Joseph Grundy wing, half-openly supporting Dewey, promptly claimed this meant the governor had caved in before superior forces.

Martin said only that it means a "large majority" of the Pennsylvanians will go together when they decide to light out for greener fields.

Duff told a reporter it was only "a gesture of amity." He denied it means the other side has a majority of the state's delegation.

He wouldn't say so, but Duff is reported to have been assured that he can go ahead with the Vandenberg move without having any limbs sawed off from under him.

Violations Are Reported

Cairo, June 21 (AP)—The Arab League reported today new complaints of Jewish violations of the Palestine cease-fire have been made to Count Folke Bernadotte, United Nations mediator. The league secretariat general made public a cable received from the Syrian government accusing the Jews of setting fire to four Galilee Arab villages, the latest last Thursday. The villages were Samakh, Abdiya, Khalifa and Zanghariya. "We informed him we could not remain with our hands tied if the Zionists continued their challenge," the cable said.

methods which he had ascribed to Hoover. It was to be self-perpetuating. Harry Hopkins, a sordid little two-timer who cheated on his first wife when her money began to run low, became the Rascal of the White House. He "lived in" because his was the sort of character and morality that Roosevelt found agreeable. Time came when Hopkins at last dared frankly to demand that all civilians be put to forced labor. Roosevelt's own wife gave him no more of her time than she had to in using the White House as a political and business headquarters and a place to dump her laundry and take on fresh.

At the normal rate, about 25 million voters may be said to have come of age since Roosevelt's first election. Their ages at that fateful time ranged between five and sixteen years, so none of them has ever had any experience of the normal ethics and decency of public office in this country or of seemingly personal conduct among the class of exemplars. The parents of millions of them were unconsciously and stealthily corrupted. The degeneration of American character by Roosevelt's influence cannot be measured except by the term suppurative. He professed Christianity in the normal, political way required of all successful candidates for president. Such Christianity is frankly understood by all, including the clergy, to be a mere promise not to express contempt for God and the deologue as institutions. Taft, who was typical, was a well-behaved, gentlemanly, intellectual heretic. Wilson regarded God as an upstairs but approved the commandments as good, naive aboriginal voodoo with remarkable moral virtues, too.

Roosevelt injected truth, honesty, trust, confidence and the rights and dignity of his fellow-men, including his own pals, as their said memoirs are now revealing to the world. He had no more respect for the elements of Christianity than he had for his own campaign promises. He played the cross against the star and crescent and then about as it suited his ruthless vanity and sordid purpose to do so.

The millions who never knew any other president than Roosevelt and his ignorant successors, now reduced to poolroom republic and the impudence of the Kansas City underworld, which sent him to the Senate, will not know that any other standard ever existed.

Today at Convention

By DAVID LAWRENCE

Philadelphia, June 21—Neither Governor Dewey nor Senator Taft can feel sure today that the nomination is all buttoned up. For no candidate has a majority in sight. This doesn't mean that the respective campaign managers can't tell you exactly how many votes they have and how many they expect to get on early ballots and how eventually the majority is to be attained. It is a mixture of hopes and guesses. The confidence exuded by the Dewey managers is equalled only by the positiveness of the Taft leaders that they have enough to stop the New York governor's nomination.

Stassen and Warren are sideline contenders. Vandenberg is in the anomalous position of having secondary support among all delegations. If a real deadlock ensues, the Michigan senator will win.

But Dewey is not unalterably opposed to Taft and Taft isn't unalterably opposed to Dewey. The nomination could easily go to either. In fact, logic points to the selection of one or the other before many ballots have been taken.

The much advertised deadlock may never materialize. It could be that the two leading candidates would grapple hard for a majority and fail, in which case a large number of Taft delegates might go to Dewey. If then a majority isn't reached, there is an outside chance of a compromise like Vandenberg.

Undercurrents of this convention are unmistakable: the "isolationists" or "Nationalists" are dead set against Vandenberg. They can't muster enough to nominate Speaker Martin or Bricker in the event that Taft does not make the grade. But they feel Dewey is acceptable as a sort of middle-of-the-road between Vandenberg and Taft.

The way the groups have lined up already, only a steadfast combination including Stassen, Warren, Governor Duff of Pennsylvania and Governor Driscoll of New Jersey plus a number of Vandenberg admirers in various other delegations acting in concert with the Michigan delegation, could block a nomination and bring on a deadlock.
